

Safe for health, hydrophobic spray CleverCOAT for textile and leather

An excellent waterproof spray for for DIY use use and cleaning companies.

For the protection of textiles and water-absorbing leather such as suede. Protects the material from getting wet and dirty, does not change the breathability, color and texture of the material.

Application: upholstered furniture, car interior, carpets, home textiles, shoes, etc.

Manufactured by order of cleaning companies in canisters.

The product can be applied as:

1. Spray.
2. Using a roller, brush or sponge.
3. Dipping

CleverCOAT for textiles begins to protect as soon as the water evaporates.
